

AT THE SAME OLD PRICE

We harp on this one thing because our quality is ever constant. We never CUT QUALITY—NEVER!

The principal principle of this business is Quality—it's the magnet that makes you return.

Then again, we are not talking lately to you about assortment or speaking to you of our up-to-1916 preparedness.

These things you know if you know anything about this old, old store.

They are the things we've a reputation on—the things all you but a few strangers are aware of.

The great big thing now is the small, low price we are getting.

ITS SECRET IS PREPAREDNESS

Not that our prices are lower than in seasons past, but that they are no higher is food for thought. And what we tell you on paper is our bond—that it is fact none who know us will doubt.

We are doing for you as you would be done by, and when this crazy price advancement has worn itself out you will look back and remember that one store at least had remained sane.

That's us—that's what is booming this store today.

Clear Skin Comes From Within

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowels. Good for young, adults and aged. Go after a clear complexion today. 25c at your druggist.
